duties, ever-changing compliance and newly imposed regulations and simply do not have the time to consider each of their Insurance options. The insurance market, like most other services we purchase as consumers, changes often regarding price and quality of product. Brown & Brown and their experienced specialists are knowledgeable professionals engaged in the industry, so we understand your needs, wants and frustrations. This understanding allows us to bring the solutions you are in search of when it comes to a medical malpractice coverage form or risk management services, as well as the continuing education resources you value. Our carriers provide strong administrative defense and board coverage, relentless litigation services and favorable tail vesting provisions needed as you plan for your retirement.

In addition, Brown & Brown is partnered with the strongest of property & casualty insurance companies to
